

Independent Workforce Engagement

FAQs for GE Managers

GENERAL PROGRAM INFORMATION

GE engages independent professionals—commonly known as contractors, consultants, freelancers, small services providers, and non-employee workers—to deliver specialized services. These independents provide GE with workforce flexibility and subject matter expertise that can augment the abilities of its full-time staff.

In short, independent professionals help GE compete in the ever-escalating war for talent—and it is critical that GE engages them safely and efficiently.

Why does GE use a program for engaging independent workers?

A consistent independent workforce engagement program promotes enterprise-wide process consistency, improves productivity, controls costs, increases visibility into provider relationships and spend, and mitigates the risks associated with using independents—most notably, independent contractor reclassification.

Reclassification can occur when the IRS or state tax authorities determine that independents working for a client do not meet the necessary criteria to engage as qualified vendors (or “independent contractors”) and be paid on a “1099” basis. These authorities may then **reclassify** them as employees, which frequently results in significant penalties and back-tax payments for the client. Reclassified workers may also try to recoup back-benefits through class-action lawsuits, which could prove very damaging to GE and its reputation, brand, and bottom line.

How will this program remove these risks?

The program ensures that only independent professionals who meet all appropriate qualification requirements may engage as vendors. All others must either work with MBO to establish a qualified business or engage as reclassification-safe payrolled employees of MBO Partners.

This eliminates GE's reclassification risk entirely and minimizes other risks, such as class-action lawsuits and business liability risk.

Which independents are appropriate for this program?

All professional internally identified independents (i.e., those not recruited or sourced through a staffing company) must engage through this program. This includes individuals and small businesses of 10 or fewer employees.

Important notes:

- This is a global program and thus is appropriate for independent workers regardless of location. MBO's engagement services (see next page) may vary by region.

- Incorporated entities and former employees are **not exempt** from this program. If you have questions concerning whether a worker you wish to engage is appropriate for this program, please contact Nicholas King at nicholas.king@ge.com.

MBO PARTNERS AND ITS SERVICES

Why MBO Partners?

Since 1996, MBO Partners has delivered solutions that make it safer and easier for enterprise organizations and top independent professionals to work together. MBO strengthens relationships, minimizes risk, and maximizes value for businesses like GE. Our unmatched experience and industry leadership enable us to operate on the forefront of the independent economy and consistently advance the next way of working.

Can MBO help me find talent for my projects?

Yes, but we take a unique approach. MBO believes that **direct sourcing**—the ability for businesses to find independents without recruiting intermediaries—is the fastest and most cost-efficient way to engage top independent talent. We therefore provide our compliance, engagement, payment, and support services for workers whom GE identifies internally and refers to us.

To better enable direct sourcing, we give GE personnel access to the **MBO marketplace**: the fastest and easiest way to attract, source, and re-engage independent talent—without expensive staffing intermediaries. The MBO marketplace enables GE to build a trusted community of independent professionals that managers can use as their first-choice alternative when looking for top independent talent. If you haven't already, you can [get started here](#).

What services does MBO offer for engaging independent workers?

In the U.S., MBO features three engagement services which together ensure that all independents engage through a compliant program suited to their needs, expectations, and eligibility to operate as independent vendors.

- **Vendor Services.** A business-to-business engagement service for professionals who qualify to engage with GE as independent vendors. Businesses interested in engaging through Vendor Services must undergo qualification evaluation during the GE / MBO onboarding process to ensure they meet [these criteria](#).
- **Business Services.** A unique engagement alternative for Sole Proprietors and other independent professionals who wish to work as compliant independent business owners (LLCs or corporations) but need assistance meeting and maintaining the appropriate credentials to do so. These workers enjoy the freedom and flexibility of operating an independent business at less cost and with less administration than doing it alone.
- **Payroll Services.** A conventional employment / payrolling solution for workers who are ineligible for Vendor Services or Business Services due to their requirements, expectations, status as independent businesses, or regulatory requirements.

The table that follows compares these three services side-by-side, or you can click here to see more [detailed descriptions](#).

* Independents may be required to purchase their own GL or E&O insurance to show an investment in their business for compliance purposes.

Please note that the engagement services above are available in the U.S. Service options may vary in other countries.

How does MBO decide which service is best for each worker?

All GE-referred independents complete a brief online survey that explores their independent experience, business structure and characteristics, expectations, and vendor qualification status. We also conduct a one-on-one consultation with the worker if necessary. We then have the information we need to select the engagement service that best fits the worker's unique situation.

Please note that we factor workers' wishes into our service determination, but we always ensure that they meet applicable eligibility requirements before onboarding them into the appropriate service. For example, independents wishing to engage through Vendor Services must meet [GE's qualification criteria](#) and pass a thorough compliance evaluation to qualify.

What is the value of Business Services?

Traditional providers offer a corp-to-corp / agent-of-record service for qualified vendors—and then force everyone else into a conventional employment / payrolling service. But this solution poorly serves to the large percentage of independent workers who resist payrolling yet do not qualify as vendors:

- If the provider engages them through an agent-of-record service, their client's risk and regulatory scrutiny increase dramatically.

- If the provider forces them into payrolling, it will likely lead to discontent, talent loss, and unnecessarily high costs.

Business Services is the only solution for independent business owners who do not meet eligibility requirements for engaging as independent vendors, yet are likely to reject the limitations of traditional payrolling. It lets GE better serve—and compliantly engage—the most common types of independent businesses, including corporations (C corps and S corps), LLCs, and Partnerships. Through Business Services, MBO even walks independents through the complexities of setting up their own compliant businesses.

Business Services does more than reduce risk and create a better experience for your independents—it also helps control costs. With a mark-up that's up to 70% lower than traditional payroll providers, Business Services can help GE **cut overall engagement costs by up to 20%.**

How do I contact MBO Partners?

PROGRAM COSTS

Is there a cost for this program?

MBO applies a fee to the rate you negotiate with the worker. As indicated below, the fee varies based on the service through which each independent professional engages. You may wish to take this fee into consideration when negotiating rates with the independents you engage.

- **Vendor Services.** MBO applies a 5.0% mark-up to the worker's negotiated rate.
- **Business Services.** MBO applies a 9.0% mark-up to the worker's negotiated rate.
- **Payroll Services.** MBO applies a 20.0% mark-up to the worker's negotiated rate.

Why are the Vendor Services and Business Services fees so much lower than the Payroll Services fee?

Vendor Services and Business Services are intended for professional independents who understand the tax obligations of working independently and factor statutory costs (such as Social Security, Medicare, and other obligations) into the rate they negotiate with you. MBO therefore uses an innovative and cost-saving pricing model for these services.

While most providers apply the same mark-up—which includes statutory taxes—even if these taxes are already factored into their negotiated rate, only MBO ensures that GE never double-pays these taxes. As introduced above, this results in **cost savings of up to 15%** compared to traditional payroll providers when workers engage through one of these services.

Payroll Services works differently. Most commonly, individuals in Payroll Services are hourly workers who do not factor in these taxes when setting their rate. As such, our Payroll Services mark-up includes appropriate statutory costs.

ENGAGEMENT PROCESS

Once I identify new independent workers, how do I refer them to MBO?

When you identify a new in-scope independent professional for a project, complete this [referral form](#).

How long does it take to onboard workers after I refer them to MBO?

Average onboarding time varies by engagement service:

- For workers who engage through **Vendor Services**, typically four to six business days.
- For workers who engage through **Business Services**, typically five to eight business days.
- For workers who engage through **Payroll Services**, typically two to four business days.

These estimates do not factor in the time it takes for the worker to launch and complete the GE-required background check. While screenings can take up to five days to complete, they can occur in parallel with other onboarding activities.

Of course, onboarding timing also strongly depends on the worker's responsiveness to MBO's onboarding instructions. MBO provides clear instructions and works closely with each worker to improve responsiveness and accelerate the process as much as possible.

As the manager, you have a part to play as well. We recommend that you stress the importance of completing onboarding steps quickly when you're communicating with an independent worker you intend to engage.

This [Engagement Lifecycle Process Summary](#) includes a closer look at the GE / MBO onboarding process.

Are background screenings required?

All new independents must undergo a background check, and some GE business units may also require a drug screen. MBO coordinates these screenings as part of our onboarding process. It is GE policy not to allow workers to begin work until the screenings are complete.

How do I approve time and expense entries?

You'll receive an email notification from MBO each time a worker engaged on your projects submits time, milestones, deliverables, and/or expenses. Follow the instructions in the email to execute the approval.

Please be sure to approve all submissions by each Monday at 10:00 a.m. ET. Failure to meet this deadline may delay payments.

How long does it take for workers to receive their payments?

Payment timing varies by the worker's MBO engagement service.

- **Payroll Services**

MBO pays Payroll Services workers each Friday, two weeks after a given work week (or sooner if required by state law).

- **Vendor Services** and **Business Services**

MBO is advancing workers' labor payments (i.e., paying them before GE pays MBO's invoice for their services). As

such, workers can expect approved labor payments one week after each given work week. Please note that expense reimbursements are subject to GE's Net 120 payment terms, so workers can expect reimbursements about 18 weeks after approval. See the [GE Payment Calendar](#) for details.

Again, it is very important that you approve your independents' time and expense submissions before the 10:00 a.m. Monday deadline each week.

Can I engage independent workers outside the U.S through MBO?

Yes. MBO is headquartered in the U.S. and has offices in the UK, Ireland, and India. Through these offices and an extensive international partnership network, we can compliantly engage talent in most countries.
